

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

May 8, 2008

Permit Number: OCRM-08-860-L
Permit ID: 63232

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Mike Overton
C/o Sligh Environmental Consultants
1815 A Boundary St
Beaufort SC 29902

LOCATION: On and adjacent to Ramshorn Creek at Page Island Group Off, Daufuskie Island, Beaufort County, South Carolina.
TMS#: R800-024-000-128-0000, R800-024-000-129-0000, R800-024-000-158-0000.

WORK: The work as proposed and shown on the attached plans consists of adding utilities to three existing boardwalks. Specifically, the applicant proposes to add sewer and water to a 206'x3' boardwalk, a 133'x3' boardwalk, and a 53'x3' boardwalk. The boardwalks were previously permitted under OCRM-98-730-E, but were built out of compliance, and the applicant is now seeking an after-the-fact permit. The purpose of the activity is for the applicant's access to private islands.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

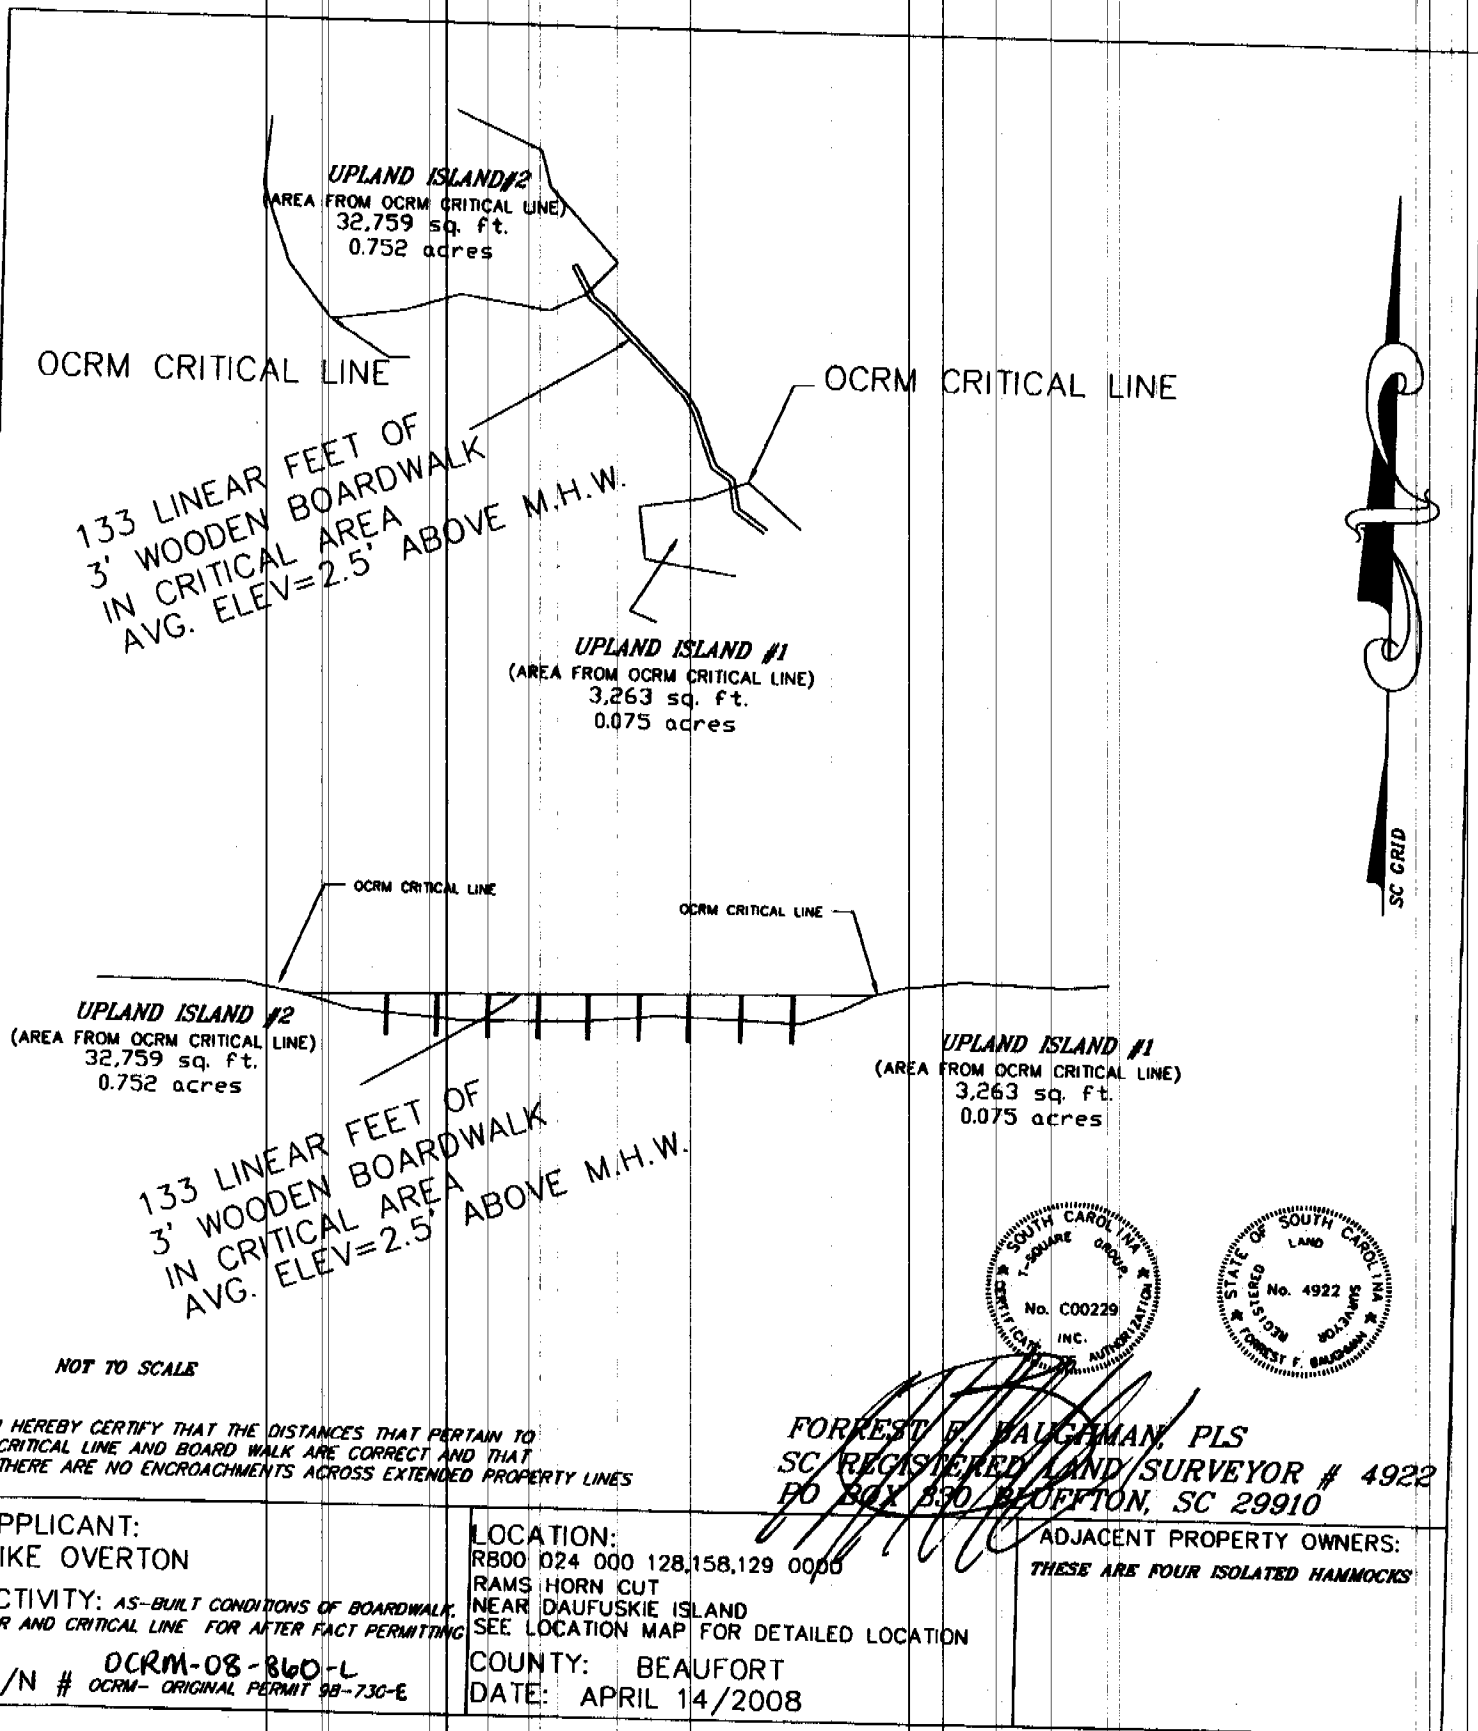

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before May 23, 2008. For further information please contact the project manager for this activity, Kathleen Lamaker at 843-846-9400.

PLEASE REPLY TO:
